The Legacy of the United Kingdom - A Monarchy facilitating Oppression and Social Inequality Mark O'Doherty 2017-08-11
In November 2019 three prime ministers gathered at the Rosewood hotel, a five-star hotel in England, and offered the world's wealthiest people 'golden passports' and citizenship of their countries in return for hundreds of thousands of pounds of investment or flat "contributions". Allen Chastanet, the prime minister of the Caribbean island of St Lucia, told about 300 members of the super-rich elite that his country's mission was 'going after high net-worth individuals and giving them a comfortable place to live'... Malta, which is also an EU member state, has sold citizenship to five people charged with criminal offences overseas. They include Anatoly Hurgin, an Israeli citizen charged by the US and Israeli authorities with fraud, smuggling and money-laundering. This prestigious event was organised by Henley & Partners, a London-based firm that acts as matchmaker between the super-rich and countries selling their citizenships. Henley has made tens of millions of dollars in commission from selling citizenship.

Healing the Security Service of the Russian Federation (FSB) - Upholding the Universal Declaration of Human Rights within the Federal'naya sluzhba bezopasnosti Rossiyskoy Federatsii Mark O'Doherty 2021-01-28
Due to President Putin's bad governance, the Russian Federation is like a lost puppy, which needs protection and safeguarding by the NGO Community - so that the Universal Declaration of Human Rights (UDHR) can be restored in Russia. This applies especially to Article 19 of the UDHR: "That everyone has the right to freedom of opinion and expression; this

right includes freedom to hold opinions without interference and to seek, receive and impart information and ideas through any media and regardless of frontiers" and Article 21: "That everyone has the right to take part in the government of his country, directly or through freely chosen representatives." Regrettably Russia has major problems in that area, evidenced by many tragic incidences in recent times – such as the poisoning of Russian opposition leader Alexei Navalny, and the tragic death of Russian journalist Irina Slavina. Tens of thousands of Russian protesters took to the streets in over 100 towns and cities across Russia to demand the release of jailed Putin critic Alexei Navalny, in massive waves of nationwide protests. Also, the G7 group of nations condemned the arrest of Russian opposition leader Alexei Navalny, calling his detention politically motivated in a statement. Hence Russian authorities and Russian law enforcement agencies must make a greater effort of upholding and protecting human rights in Russia - such as Freedom of Speech, Press, Association and Assembly as enshrined in the UDHR. The International Community is advised to keep a safe distance from Vladimir Putin, until the UDHR has been restored in Russia. In the meantime domestic policy, foreign policy and human rights issues in Russia will be handled by the NGO BTB-Global Peacebuilding. RESTORING THE UNIVERSAL DECLARATION OF HUMAN RIGHTS (UDHR) AND THE UN CONVENTION OF THE RIGHTS OF THE CHILD (UNCRC) IN THE RUSSIAN FEDERATION AND UKRAINE. UN chief Antonio Guterres said that it was time for Russia to end their absurd war in Ukraine, declaring the conflict unwinnable. Guterres added that "the only outcome" to more fighting was "more suffering, more destruction, and more horror as far as the eye can see." Negotiators from Moscow and Kyiv have held ongoing talks aimed at ending the war between Russia and Ukraine, but have failed to announce any progress so far. "This war is unwinnable. Sooner or later, it will have to move from the battlefield to the peace table. That is inevitable," UN chief Antonio Guterres added.

Healing Russia - A Message of Peace to President Putin, the United Russia Party and the Kremlin Mark O'Doherty 2021-01-17 REGARDING: ON BEHALF OF THE MINISTRY OF FOREIGN AFFAIRS OF THE RUSSIAN FEDERATION, WE STRONGLY ENCOURAGE VLADIMIR PUTIN TO RESIGN AS PRESIDENT. Dear Mr. Putin, On behalf of the Russian Ministry of Foreign Affairs -"Ministerstwo inostrannykh del Rossijskoi Federazii" - I am writing to you to tender your resignation as president of Russia. In our opinion, you have been a good President for Russia - up until your unethical decision to invade Ukraine. So nobody can take this away from you. You were there for the Russian people when they needed you, during that difficult transitional period in Russian history. And I'm sure that you will be remembered kindly for that – provided that you resign with dignity and grace, and with immediate effect. Also, the

International Community has made the transition into a Quantum Society by now. Hence the Russian people are not in need of a rigid hierarchical system anymore, and can decide for themselves how they feel about national issues concerning Russia, and all other matters in today's Information Age. We are certain the Russian people are capable of embarking into a new age of Peace and Prosperity - without a strong national father figure, that you have symbolized for Russia up until now :) Also, you made a bad call regarding the Ukraine issue. It is obvious that Russian troops – who have been deceived to fight against their brothers and sisters in Ukraine – are not welcome in Ukraine. Russia's war on Ukraine is unacceptable and morally reprehensible – in particular the killings of innocent children and civilians, with horrifying war crimes being committed. This includes the rape of women and girls in Ukraine by Russian troops – who have been deceived and duped into a war by your regime – shaming the Russian Federation. Furthermore, because of your order to the Russian armed forces to invade Ukraine, Ukraine's sovereignty and territorial integrity as an independent nation has been violated and infringed upon. This is not only a violation of international law, but has also brought war upon Europe – having a negative impact in the entire world – and causing economic deprivation and poverty to the world. Hence we strongly encourage you to resign from the office as Russian president, so that Peace and Prosperity can be restored in Russia and the International Community. God Bless / Бог благословил / Бог благословить Mark O'Doherty, CEO of BTB-Global Peacebuilding Austria-Europe / Vienna, 22nd of August 2022

Healing Austria – Upholding the Universal Declaration of Human Rights (UDHR) in the Republic of Austria Mark O'Doherty 2021-01-03 The International Community should be advised that the Austrian government is in dispute; as the ÖVP government is responsible for political corruption and neo-Nazi activities in Austria. This includes politicians from all major political parties - such as the ÖVP , SPÖ, GRÜNE and FPÖ - in particular Chancellor Karl Nehammer (ÖVP) and parliamentary leader August "Gustl" Wöginger (ÖVP) - who are responsible for political corruption and criminal activities in the Austrian government. Also, Karl Nehammer is responsible for the resurgence of neo-Nazi activities and attacks on press freedom, as Austria is increasingly edging into an abyss of anarchy -

which is threatening to make Austria into a Nazi State again. Hence it is imperative that a denazification is implemented in Austria. Also, a Basic Income Guarantee (BIG) needs to be implemented in Austria. In a world where there are no guarantees and as citizens who must be under government rule, we should at least be assured that we will be able to feed, clothe and handle the simplest needs of human beings. Hence a BIG is essential to ensure basic human rights and to overcome health problems; such as Covid-19. The International Community is advised to keep a safe distance from the Austrian Government, until these human rights problems have been resolved - and the Austrian judicial system has brought all corrupt people in the Austrian government to justice. In the meantime domestic policy, foreign policy and human rights issues concerning the Republic of Austria will be handled by the NGO BTB-Global Peacebuilding. This includes bringing the fugitive Jan Marsalek to justice - as well as his accomplices in the Austrian government - such as senior Austrian diplomat, Johannes Peterlik, who is suspected of leaking confidential documents linked to the 2018 Novichok poisoning, when rogue Russian agents from the GRU attempted an atrocious assassination on British soil - which regrettably sheds a very bad light on Austria. NB: We also would like to emphasize, that the Austrian Government - in particular Chancellor Karl Nehammer - is responsible for press freedom attacks and malicious cyber attacks on the NGO BTB-Global Peacebuilding; which is very disappointing :(Hence we would be willing to relocate to another country, like Switzerland for example, which is protected from press freedom attacks. Or some other EU country, like Finland. I also would be happy to hang out and party with Finnish PM Sanna Marin :)

Healing America - Manifesting Love and Light in the United States of America Dr Mark O'Doherty 2021-08-18 RESTORING THE UNIVERSAL DECLARATION OF HUMAN RIGHTS (UDHR) AND THE UN CONVENTION OF THE RIGHTS OF THE CHILD (UNCRC) IN THE RUSSIAN FEDERATION AND UKRAINE. As the leader of the Вооружённые силы Российской Федерации and NATO, we can confirm that the UDHR will be restored in Russia once Vladimir Putin is ousted. The tragic demise and killing of Russian generals, officers and soldiers - as well as innocent civilians and children in Ukraine - is so unnecessary. Hence it's imperative that Vladimir Putin is graciously removed from office - so that Peace, Prosperity and Diplomacy can be restored in the International Community. However, we also would like to emphasize, that the status quo concerning NATO has to change at some point. To finally achieve Peace with Russia, this also means that NATO will have to make room for a new international alliance sooner or later - that encompasses both Russia and the US. However, it's imperative that Peace and Diplomacy is first restored between Russia and Ukraine. Also, the Russian government and the Ukrainian government must provide the IAEA

mission with immediate secure and unfettered access to the Zaporizhzhia nuclear plant. The facility must not be used as part of any military operation, and an agreement on a safe perimeter of demilitarization to ensure the safety of the area must be reached. God Bless / Бог благословил / Бог благословить Mark O'Doherty, BTB-Global Peacebuilding RESTORING THE UNIVERSAL DECLARATION OF HUMAN RIGHTS (UDHR) AND THE UN CONVENTION OF THE RIGHTS OF THE CHILD (UNCRC) IN THE UNITED STATES OF AMERICA: US President Biden has long pressed for an assault weapons ban, successfully negotiating a 10-year ban as a senator in 1994. Nearly three decades later, he is confronting the reality of a Congress that operates much differently and a landscape that makes the goal almost impossible to achieve. In short, US lawmakers are failing to uphold the UNCRC in America. Hence the NGO BTB-GLOBAL Peacebuilding will handle this matter - by ordering a crackdown on the gun lobby - and on all individuals who are unwilling to stand up to the gun lobby. As things stand, Americans are killing each other due to lack of gun control - in particular Children, which is unacceptable. Those fine lawmakers in Russia and the US, who are wondering why an NGO is implementing governmental changes in their countries - such as the UDHR and UNCRC - it's just the way of things :) At some point, we all have to evolve :)

Healing America – Manifesting Healing and Reconciliation in the United States of America Mark O'Doherty 2021-01-08 A US Capitol police officer has died of injuries

suffered during the attack led by a pro-Trump mob. The officer, Brian Sicknick, had been with the US Capitol Police (USCP) since July 2008, and most recently served in the department's first responders unit. Sicknick became the fifth person to die in the attacks. Among the four others killed was a demonstrator shot by authorities. Three died in what police called "medical emergencies". The breach of the building came as Congress was certifying the victory of President-elect Joe Biden; on 6th January 2021. "Officer Sicknick was responding to the riots ... and was injured while physically engaging with protesters," police said in a statement. He died after being taken to hospital, following his collapse upon returning to his divisional office, it added. Metropolitan homicide officials, along with the USCP and its federal partners, will investigate the death of Sicknick, police said. Democratic leaders of the House appropriations committee said the "tragic loss" of a Capitol police officer "should remind all of us of the bravery of the law enforcement officers who protected us, our colleagues, congressional staff, the press corps and other essential workers during the hours-long takeover of the Capitol by pro-Trump protesters". Donald Trump also called for healing and reconciliation in the United States of America. In the words of Abraham Lincoln: "America will never be destroyed from the outside. If we falter and lose our freedoms, it will be because we destroyed ourselves." Hence it's imperative that both Democrats and Republicans put aside their differences and work together to restore rule of law, stability and democracy in the US. Therefore all those fine folks in the US Senate and Congress ought to support the US Judiciary and US law enforcement agencies - so that all individuals responsible of the 2021 United States Capitol attack can be brought to justice. In our opinion, we should all reconcile and make peace with each other in those very challenging times - not only to overcome Covid-19 - but also because we have a great opportunity now, to finally manifest peace with countries such as Russia, Iran and China. In the words of Abraham Lincoln: "We are not enemies, but friends. We must not be enemies. Though passion may have strained, it must not break our bonds of affection. The mystic chords of memory will swell when again touched, as surely they will be, by the better angels of our nature."

Project Censored's State of the Free Press 2022 Andy Lee Roth 2022-01-25 As the United States grapples with the ongoing COVID-19 pandemic, the nation's living legacy of systemic racism, and partisan threats to the foundations of democracy, the integrity of news and Project Censored's survey of underreported news stories has never been more important. This 2022 edition of Project Censored's State of the Free Press offers a comprehensive survey of the most important but underreported news stories of 2021 and a comparative analysis of the current state of corporate and independent news media, and its effect on democracy. The establishment media sustains a decrepit post-truth era, as examined the lowlight features: "Junk Food News"-frivolous stories that distract the public from actual news-and-"News Abuse"-important stories covered in ways that undermine public understanding. The alternative media provokes a burgeoning critical media literacy age, as evaluated in the highlight feature: "Media Democracy in Action"-relevant stories responsibly reported on by independent organizations. Finally, in an homage to the history of the annual report, the editors reinstate the "Déjà vu News" feature-revisited stories from previous editions. State of the Free Press 2022 endows readers with the critical thinking and media literacy skills required to hold the corporate media to account for distorting or censoring news coverage, and thus, to revitalize our democracy.
